We have had 2 clinics scheduled (May 31 and June 5). On the first clinic we had 8 girls show, of the 8 one played soccer and one cheered. We had an awards program that night that took one girl away and our middle school girls were not available. Our second clinic was cancelled due to to having an instructor present and we could not locate a backup in time.

Our plan is to interview a coach the first of July (thought we had a new hire in a teacher interested but he has since backed out). We have 2 district employees that mat be interested. we plan on playing a JV schedule this fall with the surrounding schools.

Hey Craig -

I know this is the dead period and you may be on a great vacation (I hope so!) but if you get a chance, will you call me tomorrow afternoon or Friday? Or give me your number and I'll call you. I am trying to finish your Title IX report review and I need to clarify a couple of things.

thanks,

Kathy
