ADDENDUM TO THE 2007-2008 KHSAA ANNUAL TITLE IX VERIFICATION

1. This school year Henderson County High School hired Clay Clevenger as the new football coach. The coach(es) he replaced never had more than 35 players on the varsity roster. Coach Clevenger was charged with increasing the numbers in the program. To that end, this past season, HCHS had over 100 athletes on the football team. As a result of this increase in players, expenditures went up as we had to purchase more equipment. This increase is a one year aberration.

2. Despite the increase in football spending, HCHS still spent more per average on our female athletes (\$636.73) than our male athletes (\$609.84).

3. This year HCHS also is including wrestling as a sport in this report. The prior three years, despite competing in the state tournament, the team was considered a club sport by the administration. Prior to this year's state competition, I had a discussion with Assistant Commissioner, Jullian Tackett concerning the status of our team. During that discussion, I learned that there is no such thing as a club team and that HCHS either had a team or it didn't. As a result, I told Mr Tackett that we had a team. This late in the season, I didn't want to cause our athletes not to be able to complete. I had already required the team to comply with all KHSAA rules and regulations even though I thought they were a club team simply because HCHS was already on probation. The arrangement that was in place when I arrived, had the "wrestling club" paying their own way. For that reason, the HCHS Athletic Department did not spend anything on the wrestling team this year.
