Jackson County

Kathy,

Sorry about the delay. This email is in response to interest shown on the Title 9 Survey.

Bowling- Bowling is not feasible for the school due to the fact that the nearest bowling alley is an hour away.

Swimming- Again very similar to Bowling the nearest competition swimming pool is almost an hour drive away.

Tennis- We have a couple of courts around the community that are owned by our local governments. They are all asphalt and are not kept up very good at all. At the school we have no tennis courts.

Track- We have looked into starting a track team at the school several times and have even looked at prices for equipment. The student interest seems not to be there when meetings are called etc.

The sun shall be turned into darkness, And the moon into blood, Before the coming of the great and awesome day of the Lord. **Joel 2:31**
