Dear Mr. Lawson

Per the request of the KHSAA Title 9 department, LaRue County High School Athletic department announced to the students at LCHS that there would be a meeting on December 20, 2013 for any student interested in the activity of Bowling. Please note that administration made announcements in the morning and afternoon the week of December 16, 2013. There were also flyers throughout the school making the students aware of the meeting.

On December 20, 2013, 10 High School students showed up to the scheduled meeting. A sign in sheet is enclosed. On January 6, 2013 these 10 students were reminded that there would be a student-parent meeting on Thursday, January 9, 2014 at 6:00.

The student-parent meeting resulted in one parent showing up. I explained the purpose of the meeting. Based on the lack of interest of Bowling ^{one student} LCHS will not be pursuing the activity of Bowling.

Please let me know if you have any questions.

Sincerely,

A handwritten signature in cursive script, appearing to read 'David Dawson'.

David Dawson
