Dear Mr. Bilberry:

As I stated in a previous letter, April 15, 2010, the Vocational School Project would take bids in May of 2010, Bonds in June and construction would begin in July and would take 18 – 24 months to complete and we would then start on the Softball Field. The Vocational School Project is scheduled to be completed by May 30, 2012.

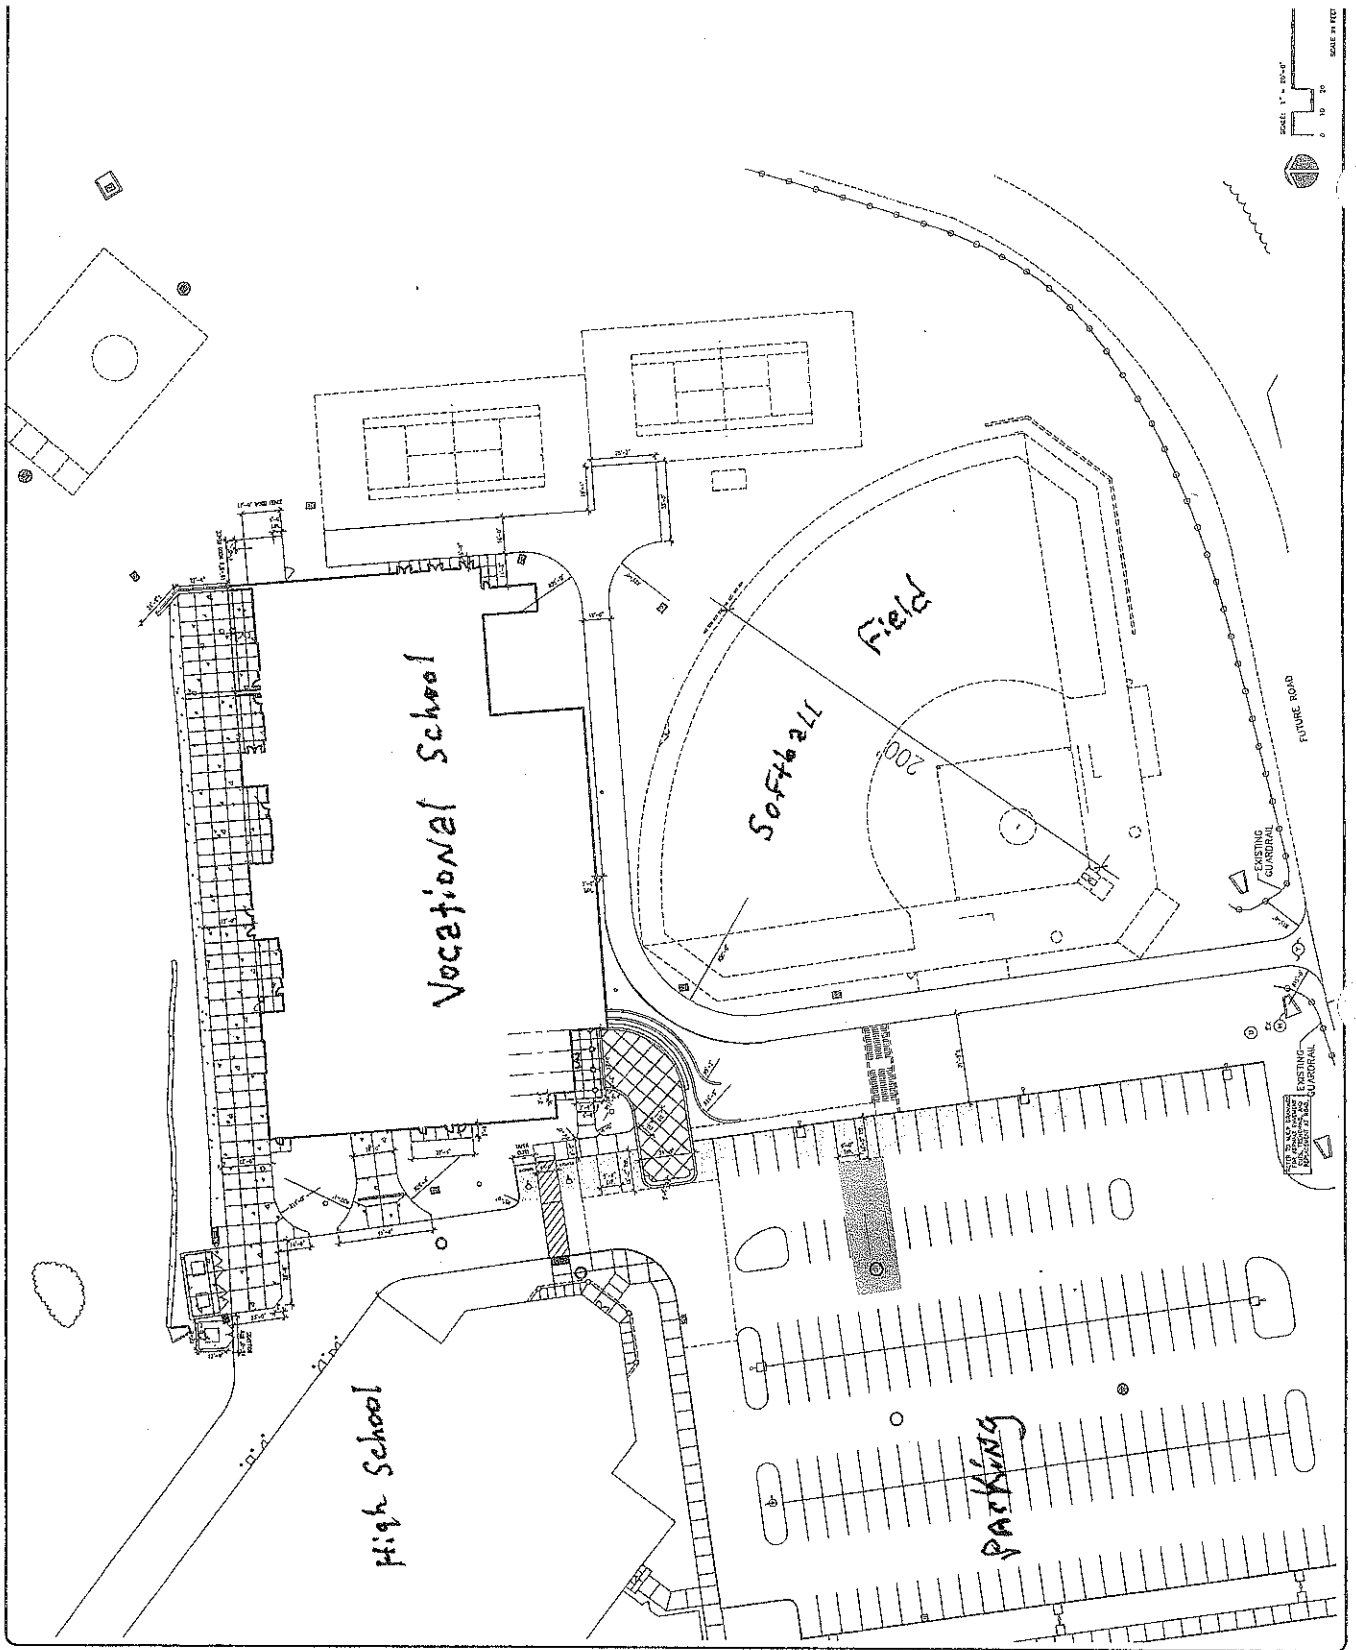

I have enclosed current photographs of the Vocational School and Softball Field Site. Photographs will show the Vocational School is almost ready to open and equipment is gone from the Softball Site except for a couple of trailers.

Tentative plans are to send the BG – 1, Architectural Design to Frankfort around May 30, 2012 to be processed by the Kentucky Department of Education and begin the bonding in July or early August and begin construction after that. Tentative plans are to have the field ready for use in the 2013 Softball Season.

As per requested I will keep you updated with a written report on June 1, 2012.

Respectfully,

Ozz Jackson

**LETCHER COUNTY CENTRAL HIGH SCHOOL ATHLETIC
ATHLETIC SPENDING SUMMARY**

Football is the sport with the most expenditures without a "like team". We have addressed this with our coach and will reduce his budget for 2012-13 school year.

2011-12 Title IX Report will show disparity in travel for Boys Basketball (\$20916) and Girls Basketball (\$10091) as both teams traveled to Florida during Christmas break during the 2011-12 Basketball season. The boys team paid for their trip before the end of the 2010-11 school year. The girls team paid for their trip in the fall of the 2011-12 school year and will be reflected on the 2012-13 Title IX Report using 2011-12 school year financial report. (Girls spent \$23,000 on their trip).

Letcher County Central High School will show that boys expenditures were 61% (5% decrease) and girls expenditures were 39% (5% increase) for the 2010-11 school year and will be reflected on this years, 2011-12, Title IX Report.

If the above changes do not bring spending within acceptable parameters the school will continue to address this issue through corrective action.

Beginning with the 2012-13 school year and every two (2) years thereafter, the athletic department at Letcher County Central High School will inspect all athletic uniforms and replace those that do not meet the needs of our student athletes.

- 2. Teams requesting new uniforms must have revenue in their account to cover the cost or have potential to obtain this revenue.**
- 3. Athletic Director will keep a uniform purchase chart with documentation rotation cycle for all like teams.**
