Our previous Title IX T-32 financial report pertaining to equipment expenditures for boys golf (\$10,409), girls golf (\$3357), baseball (\$14,813), and softball (\$4668) were incorrect. Upon reviewing those numbers, it was found that equipment spending was miscalculated. The chart below shows each individual equipment expenditure from the sports in question from both the school and booster accounts. The corrected totals are calculated at the bottom. Although the corrected totals still show a sizeable discrepancy between baseball and softball, it is worth noting that baseball was up for a uniform rotation during the year in question. The uniform expenditures for baseball are highlighted in italicized bold print in the chart below.

BASEBALL TOTAL: \$ 10,024.96

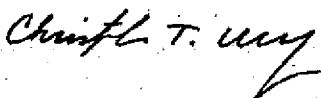

SOFTBALL TOTAL: \$968.13

****Baseball was in a uniform rotation year. The uniforms (including hats, batting shirts, and pullovers) totaled \$7948.67 of their total equipment expenditures. There is, however, still a discrepancy between the two. We will more closely monitor and oversee spending with baseball accounts to ensure more equitable spending between these two sports.*

Our previous Title IX report pertaining to the coaching stipends for baseball and softball were reported in error. We had previously reported that the district spent \$7774 on four (4) baseball coaches and \$3274 for three (3) softball coaches for the 2014-15 season. These numbers are incorrect. Attached is the spreadsheet showing current coaching stipends for each sport. Both our baseball (Tom Posey) and softball (Tony Faul) head coaches receive a \$2000 stipend. Each also receives a \$50 per year step increase. The board also provided one \$1000 stipend for assistant coaches, also with a \$50 step increase per year. As you will see on the attached report, both head coaches have used that particular stipend to split with two assistants.

Mason Co High School Athletics Awards & Recognition Protocol

PURPOSE

To recognize team and individual accomplishments which are sponsored by Mason Co High School. The Mason County High School Athletic Department shall provide administrative oversight to ensure equivalence in the area of recognition.

Whose responsible?

CRITERIA

Awards are presented to student-athletes who by having regularly participated in team practices and contests has successfully completed the sport season. Therefore, an athlete who has been dismissed from the team for failure to abide by school and team expectations or quits before the end of the season will not receive awards or recognition. Coaches of each sport will determine the appropriate awards and the recipients of those awards. Recipients will include Varsity and JV players. Criteria may change from year to year based on coaches' discretion. A Varsity letter requires participation in a majority of scheduled contests and practices (unless deemed unable to participate due to injury).

?

PROTOCOL

Coaches of each boys and girls sport will decide on the types, categories, and numbers of individual plaques/awards he/she will present and complete the correct purchase order form. This also applies to banquets that may be held off-campus. The purchase order is to be approved by the Athletic Director and/or Principal before following through with the actual order. The AD and/or Principal will serve as an oversight to the purchasing of awards/plaques/trophies.

PRESENTATIONS

All respective teams and coaches will hold awards presentations/banquets and the culmination of post-season play. All athletic awards will be presented by that sport's coach. School facilities will be open to awards banquets.

FUNDING

All letters, service bars, and insignias will be purchased by the Athletic Director. Plaques, trophies, and other awards will be purchased through the individual sports accounts. If a coach wishes to present such an award or any other recognition that is not part of the Athletic Budget, he/she must confer with the Athletic Director.

AWARDS

Varsity Letters

JV Letters

Freshman Letters

Service Bars (given once for every year of lettering)

Insignia (~~distinctive to each sport~~, given after 1st year of participation)

Special Plaques/Trophies based on coach's discretion

BANNER/TROPHY DISPLAY

Banners and trophies recognizing district, regional, and/or state championship teams will be displayed by the following season opener. The Athletic Department will purchase banners.

INDIVIDUAL PLAYER PLAQUES/BANNERS/NAME RECOGNITION

Individual players will receive banners/plaques/ and/or name recognition based upon the following accomplishments:

- *Division I Scholarship
- *Election to 10th Region Hall of Fame
- *State Recognition (ie., "Mr. Basketball")
- *All-Time Scoring Leader (individual sport)
- *Individual State Champion (ie., golf, track, cross-country)

1. Review of facility upgrades and thoughts throughout the district. Possible updates include softball field and updates to the football facility.
2. Title IX Issues. The audit that was completed by the KHSAA showed that are facilities are equitable and we did have some policy updates as well as some small paperwork that we needed to complete. Weight room and other items in question -- we are considered to be equitable as well. We worked through updating anything we needed to, the KHSAA will review it and then we will update that again.
3. Review of 2015-2016 Mason County Student Survey. At this time we have no new interest in new sports.

Khsaa Form 150
 Rev. 3/17

- DIRECTIONS:**
- For Column 1, indicate the intended area (Opportunities or Benefits) which needs improvement in order to achieve gender equity. For Column 2, write the suggested change or activities that will improve the area in need of alteration. For Column 3, include the estimated completion date for the changes or activities.
 - It is possible to attain compliance with Title IX and no longer need improvement. However, the KHSAA strongly encourages schools to identify items for improvement (Column 1), activities to accomplish the improvement (Column 2) and a timetable for completion (Column 3) that will strengthen the athletic program

COLUMN 1	COLUMN 2	COLUMN 3
SPECIFIC ITEM FOR IMPROVEMENT	PLAN FOR SUGGESTED CHANGE	START DATE AND COMPLETION DATE OF IMPROVEMENT
T41 Form Advantage--Locker Rooms, Practice and Competitive Facilities: Advantage Boys	SOFTBALL - Our district is in the first stages of trying to build a new facility specifically for softball. The facility would include a playing field, locker rooms, and storage area on campus. Currently, our softball team uses a field at the city park, which is owned and operated by the city of Maysville, and is shared with other organizations. This plan is contingent on the passing of a double-nickel tax. If passed, the district plans to move ahead with the construction of a softball field on campus. If this is not an option, the district is already looking into other options, including a new field that has been constructed downtown that is owned by an outside entity. We would also have to share that field, but the facility itself is new and has better amenities. As a contingency plan, in case neither of these options work, we plan on adding portable signage to the city park field to give ownership to our softball team and we will continue to work with the city of Maysville to pursue upgrades to the facility.	Start: Apr 30, 2017 Complete: Apr 30, 2018
REVIEW OF UNIFORM REPLACEMENT PLAN, EXPENDITURES, STORAGE/LOCKER ROOM SPACE, & WEIGHT ROOM USAGE	During our annual meetings with coaches in the summer, we will review locker room assignments, storage assignments, weight room usage, and expenditure monitoring to ensure equitable access and spending across the board. The athletic department and principal will continue to oversee expenditures in each sport and monitor closely the sports that have been in question (baseball/softball, boys/girls golf) to ensure equitability.	Start: Apr 1, 2017 Complete: Aug 14, 2017
