Hi Kathy,

Sorry for the delay. My youngest son is getting married tomorrow night and there is too much going on right now.

We have had archery as a club sport for a number of years now. Our coach has been involved in archery early on and is considered one the "archery gurus" in the area. We usually have between 25 - 45 students participating each year.

We are looking into upgrading archery to a KHSAA Varsity sport this year. We have a few details to work out but it should be done by the time the season starts.

Thanks for your patience.

Subject: Title IX report

Hi Steven,

According to the Student Interest Survey, it shows that there is interest indicated in the sport of Archery (46) and it was not identified on the T-3 form. In order to meet one of the standards, I need for you to send me an email stating that you will have a couple of meetings in the fall to determine if that interest is real or not. Follow the steps below:
