

KHSAA, & Gary Lawson

Jerry Hancock and I meet on August 24th 2016 to discuss options of adding another sport or sport activity to Muhlenberg County School's athletic program. An interest has been expressed by our students to add bowling to our program. Due to scheduling of the bowling alley, logistical/geographic issues as well as financial restraints, Muhlenberg County High School will not be able to add Bowling as an option for our students to participate in at this time. Our swim and golf teams travel 5 mile to play and practice. Going to Madisonville for Bowling would be 30 miles.
