Please find enclosed the three articles of information requested by the KHSAA Title IX  
Re-Visit Audit Committee.

### **North Oldham High School Per Diem Policy**

Both boy and girl athletes are fed in several different ways.

- 1) On away games on school nights, parents of the teams provide meals in the cafeteria before they leave for the games.
- 2) On overnight away games, the sports programs provide the dinner meal for each player, not to exceed \$10 per athlete.
- 3) If lunch is provided by the team on overnight trips, the meal may not exceed \$7 per athlete.
- 4) Some teams charge a fee at the beginning of the season to help cover meal expenses.
- 5) Team members may be responsible for purchasing their meals in some cases such as when they stop on their way home from games. If there are athletes who are unable to pay for meals, the program will pick up the cost.

## **LOCKER ROOM , STORAGE AND LOCKER ASSIGNMENTS**

These assignments are for coaches to have their players meet before games and to have access to lockers if the athletes choose to for the purpose of preparing for practices. Coaches must supervise these areas and have the athletes be responsible for cleaning up after themselves.
