Kathy,

We are in the process of adding girls' LAX to accommodate the interest of the underrepresented gender as required by Title IX. Bass fishing and bowling are coed sports that do not improve our ability to meet the interests of the girls. Also, the district does not have a fishing lake or a bowling alley, creating logistical problems for adding these sports. The Board is not in a position to fund the purchase of boats and trailers either.

I will be out of the office tomorrow but will be back on Monday if you need to reach me.

Respectfully,

Kevin Combs

Subject: follow up on title ix annual report

Hi Kevin, I just talked with Mitchell and he said that OCR had indicated to them that with the addition of lacrosse for girls that it met the standard of test 3 for opportunities. If that is the same case for your school, then please just send me an email with that information and I'll include it with your report and you won't have to follow up on the interests I indicated in the previous email.

thanks,
