Mr. Gary Lawson
Representing KHSAA
Title IX Audit Team

Mr. Lawson,

This is in response to the Title IX revisit audit you conducted on February 5th, 2014. You requested that we check to see if we had a legitimate interest in tennis and bowling at Powell County High School. We did conduct meetings in March to see if we had enough interest to discuss starting a new sport. On March 24th we scheduled a meeting after school hours to see if we had a true interest in tennis for girls. We had no students present at that meeting. We also scheduled another meeting on March 31st to see if we had any interest in bowling. We had 4 girls and 3 boys show up at the meeting and one of the girls was already commented to another sport during the same time. We plan to conduct a second meeting early next fall to make sure that we are giving students a couple of chances to show true interest. Also, we will check the survey next year and conduct a meeting shortly afterward to get the latest information on true interest that are identified from the survey.

I would like to thank you for working with us and explaining procedures and proper steps to take for those students that have shown some interest on the KHSAA surveys.

Respectfully:

Monroe Jones, CAA
