# PROJECT 2000

SOHS Sports Center

The successful completion of this project will provide these programs with: lighted fields, concession stand, locker rooms, press boxes, public address systems, public restrooms, and expanded practice facilities.

This program needs your help to secure funding through corporate or individual donations, sponsorship and advertising. **Please help South Oldham High School be "Simply the Best!"**

# SOHS SPORTS CENTER

*Simply the Best*

The SOHS Sports Center provides lighting for the existing baseball and

softball fields. New high school and middle school soccer fields, additional parking, practice fields plus improvements to existing practice fields. The Multi-Sport Field House will be constructed with many extras that will attract state, regional, and collegiate tournaments and post-season play. New fields will be irrigated through an underground computer controlled system. The Field House will also contain individual press boxes for baseball, softball and soccer. Some added features include: Visitor's Dressing Room, Official's Dressing Room, Separate Boys & Girls Locker Rooms, Concession Stand, Wrestling/Multi-Purpose Room, and an elevator for the physically challenged so that they too may enjoy the games and provide assistance to the sport programs. The Main Gate provides a central point of entrance to events. A Pick-Up/Drop-Off turn around offers security and safety for parents and

handicapped.

*Simply the Best!*
