

Follow-up to the 2012 Title IX Report

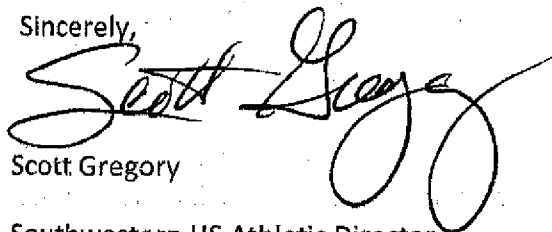

***Meals per Diem request**— This item will be followed up by our site-base council here at Southwestern HS, to make it a school policy. The new board will start meeting in July and I will present it to them, it will have to have three formal readings at future mtgs., before action can be taken. Once policy has been approved I will fax a copy of the new school policy.

***Gender equity**— The spending for the boys and girls was not a normal year, because both my Boys basketball and Baseball teams traveled to Florida for games. I monitor spending very closely here at Southwestern, and will continue to keep things in proper proportion for both boys and girls programs.

Girls Weight Room—This project is under way here at Southwestern, and I'm very proud of this weight room being put together just for all my female athletes! Project should be completed and ready for use at the beginning of the new school year. I believe that I did put this project in the report also.

Bass Fishing—I have noticed the interest in the sport of bass fishing, even though we have not taken it as a full sport, we did have an open team that fished in several open tournaments this pass school year. I'm very excited about the prospect of bringing this sport on board, and have had discussions with the Central Office to see if support for a coaching position may be possible in the near future. My plan is to continue with the club support and allow more students to join and fish in open tournaments.

Sincerely,

Scott Gregory

Southwestern HS Athletic Director

Follow-up to my Title IX Report

*As per my conversation with Sharon Tippet, our policies for players that travel are as follows:

Overnight travel—Coaches will spend between \$60–\$90 per room, per night for accommodations.

Meals—Coaches will spend “between” \$5.00-\$8.00 per meal on players.

Thanks,

Scott Gregory
