

End of Season Awards Policy

It will be the policy within the Warren East Athletic Programs that all sports hold an end of the year banquet for their teams. The awards given out at the banquet will be at the discretion of each individual coach/booster club and team.

It will also be the policy that each individual sport host a senior recognition for their seniors in that sport. This recognition should be in the form of a senior night honoring seniors and their families. This can be at an event or at a football game or basketball game but all seniors should be recognized.
