

Woodford County High School

Softball Field Pictures – as requested by Title IX Revisit November 2012

- 1. Home dugout
- 2. Visitor dugout
- 3. New outdoor batting cages
- 4. Temporary bathroom
- 5. Temporary concession

Please see attached plan for Concession/bathrooms for field 9

Softball

Estimate for Concession/bathrooms for field 9.

This is a preliminary plan for the facility at the County Park. The estimate does not include any of the interior items that will be needed for the concession area. As we have improved other facilities, we have saved some items (example, 3 compartment sink) that may be able to help complete the concession area. Our proposal would get the building under roof, with working bathrooms which should get us much closer to Title 9 compliance.

In building the field, we also put in preliminary infrastructure, electric, sewer, and water, that will allow us to build this building at a substantial reduction in price.

We have included rates for materials and labor. We do think we will be able to build this building with a minimum of labor, as we did the field. To date, we over \$300,000.00 in materials and in kind labor in the softball field. If needed, we can provide details of the breakdown on the field project.

Materials

Footings	Decorative block
Slab	Mortar
Foundation	8 inch block
Roof framing	Sand
Interior wiring	Wire and steel reinforcing

5 doors

Plumbing

Plumbing fixtures

Insulation

Heater

Metal roof

Materials estimate-\$21,000.00

Labor estimate-\$11,000.00 If this is a working number, we will be glad to furnish a more precise and total breakdown of individual items and cost.
