4. Checklist of the Title IX Components of the Interscholastic Program

Benefit to Students	Satisfactory	Deficient	Comments
Accommodation of Interests and Abilities	X		The school has been instructed regarding the manner in which proper calculations should be performed. The school should submit a more comprehensive survey in April 15, 2001.
Equipment and Supplies	X		There does not appear to be a deficiency in this area; school officials should check the television and video tape opportunities available to girls' basketball as compared to boys' basketball.
Scheduling of Games and Practice Time	X		The school is requested to submit scheduling information to the K.H.S.A.A. by December 30, 2000 (see comments section).
Travel and Per Diem Allowances	X		There does not appear to be a deficiency in this area; the school has been alerted to the fact that all information about meals from boosters, parents, etc. should be submitted.
Coaching	X		The school is showing progress in recruiting/retaining coaches for girls' teams. The salary schedule for coaches meets requirements and is fair and equitable.
Locker Rooms, Practice and Competitive Facilities	X		Differences were discussed with the school relating to the following: proximity of dressing facilities for softball as compared to baseball, the need for a softball pressbox, and improvements to the softball infield. The need for added storage for all of the sports was noted. The location of all facilities on campus is excellent.

Medical and Training Facilities and Services	X		Although the T-41 Form shows an advantage for the boys in this area, the school seems to be moving toward more widespread medical services for all sports. The need for a written and posted weight training schedule was indicated.
Publicity	X		Although publicity from the local media seems to be fair and equitable, the school should look into school-wide information in order to help increase participation.
Support Services	X		Booster club support was discussed and a system that promotes equity has been established.
Athletic Scholarships**	X		The distribution of athletic scholarships by the booster club seems to be equitable.
Tutoring**	X		
Housing and Dining Facilities and Services **	N/A		
Recruitment of Student Athletes**	N/A

(Selection of Cheerleaders) On or before **April 15, 2001**, the school is requested to provide information to the KHSAA concerning the manner in which cheerleaders are selected for boys' and girls' teams. If cheerleaders are selected in such a way as to result in arguably better (i.e. "A" team vs. "B" team) cheerleaders performing at boys' events, the school shall also submit a plan under which cheerleaders of equal ability shall perform at an equal number of boys' and girls' games in comparable sport (i.e., boys' varsity and girls' varsity basketball game).

(Prime Time Contest/Girls' Basketball) On or before **April 15, 2001**, the school is requested to provide information to the KHSAA concerning the number of "prime time" games scheduled (games to be played on Friday and/or Saturday nights) for its girls' varsity basketball team during the 2000/2001 season. To the extent that a fewer percentage of girls' games are played during prime times (when compared with the percentage of boys' games scheduled for prime times), the school shall advise the KHSAA of action it intends to take to immediately correct the difference.

(Survey) The school is requested to develop a method of surveying a comprehensive segment of the school population for the 2001-2002 school year. This survey method should be submitted to the K.H.S.A.A. by April 15, 2001.
