Golf- C - consumable- get golf shirt each yr														

Football will have to have replacements, but should not need complete set for some time

Notes to budget / expenditures 14/15:

1. We have printed schedule cards at no expense with Football on one side and Volleyball on the other. Same for Boys and Girls Basketball. (Did not have BB this year.)
2. We have a fall program. Includes all fall sports. It is run through the Belfry Boosters and proceeds are used for all sports, including athletic banquets, coaches cards, etc.
3. One coach does both boys and girls track.
4. Football team had higher travel expense due to paying for band and cheerleader buses, taking 2 buses to varsity games, and traveling to state finals. Also, having to go farther to find games.
5. Football expenses higher this year due to purchasing new uniforms (2nd complete set; 1st set bought last year,12-13) for 1st time in 20 yrs . Should not buy another complete set for many years. However, increasing costs for helmets is becoming an issue.
6.
 1. Boys expenses higher mainly due to football: more numbers, higher cost of equipment, salaries (more asst coaches), etc.
 2. New uniforms as mentioned above.
 3. Purchase of new wrestling mat.
 4. Boys Basketball purchased new uniforms in 13-14.
7. Had girls golf team in 11-12, but did not compete. Started team in 12-13, but girls quit and did not finish. No girls again this year. Having trouble getting girls to stay with golf. We hear there are prospects in middle school.
8. 2nd year for tennis teams. Doing well.
9. Boys Basketball coaches salaries higher than girls coaches. One of boys assistants is on staff and gets extended days, therefore total is higher.
