4. Checklist of the Title IX Components of the Interscholastic Program

Benefit to Students	Satisfactory	Deficient	Comments
Accommodation of Interests and Abilities	X		For a small school, they are fully and effectively accommodating the athletic interests and abilities of the girls.
Equipment and Supplies	X		No deficiencies were observed.
Scheduling of Games and Practice Time	X		No deficiencies were observed.
Travel and Per Diem Allowances	X		No deficiencies were observed.
Coaching	X		No deficiencies were observed.
Locker Rooms, Practice and Competitive Facilities	X		The softball field needs to have dirt filled in the low areas of the outfield. Also, the baseball field has concrete block dugouts, and the softball field has no dugouts. For the schools Title IX File, practice and competitive facility sheets (Form T-27) should be filled out for each sport facility.
Medical and Training Facilities and Services	X		For the schools record, school personnel should correct the baseball team sheet (Form T-28) concerning a certified trainer. It is recommended that a schedule for use of the weight room be posted.
Publicity	X		It would be beneficial to have a policy for posting any type of signage including banners and pictures.
Support Services	X		No deficiencies were observed.
Athletic Scholarships**	X		No deficiencies were observed.
Tutoring**	X		No deficiencies were observed.
Housing and Dining Facilities and Services **	X		No deficiencies were observed.
Recruitment of Student Athletes**	X		No deficiencies were observed.

5. **Brief Summary/Analysis of The Corrective Action Plan (T-60)**

- Upgrade all physical facilities. (The locker rooms have been refurbished) It is recommended that fill dirt be put in the outfield of the softball field and dugouts be built that are comparable to those of the baseball field before the 2001-2002 season begins.
- Provide cheerleaders at all girls' home games. (This has been accomplished)

6. **Observed Deficiencies in Overall Girls and Boys Athletics Programs**

Although no observed deficiencies have been noted in this report, it is strongly recommended that dugouts be built for the softball field that are comparable to those existing on the baseball field and that fill dirt be spread in the low spots of the softball field.

7. **Facility Recommendations or Concerns**

It is recommended that dugouts be built for the softball field that equal those existing on the baseball field and that fill dirt be spread in the low areas of the softball outfield. The low areas of the softball field are a potential danger for students running in this area.

8. **KHSAA Recommended Action**

- Notify Office Of Civil Rights and Request Federal Investigation of Possible Violations
- Notify Equity Division and KBE of Potential Title IX Violations
- Suspension From the Association
- Prohibition From Post Season Play
- Probation For
- Fine In The Amount of _____
- None At This Time
- School shall submit the following additional information:

(Selection of Cheerleaders) On or before **April 15, 2001**, the school is requested to provide information to the KHSAA concerning the manner in which cheerleaders are selected for boys' and girls' teams. If cheerleaders are selected in such a way as to result in arguably better (i.e. "A" team vs. "B" team) cheerleaders performing at boys' events, the school shall also submit a plan under which cheerleaders of equal ability shall perform at an equal number of boys' and girls' games in comparable sport (i.e., boys'

varsity and girls' varsity basketball game).

(Prime Time Contest/Girls' Basketball) On or before **April 15, 2001**, the school is requested to provide information to the KHSAA concerning the number of "prime time" games scheduled (games to be played on Friday and/or Saturday nights) for its girls' varsity basketball team during the 2000/2001 season. To the extent that a fewer percentage of girls' games are played during prime times (when compared with the percentage of boys' games scheduled for prime times), the school shall advise the KHSAA of action it intends to take to immediately correct the difference.
