#### 4. Checklist of the Title IX Components of the Interscholastic Program

Benefit to Students	Satisfactory	Deficient	Comments
Accommodation of Interests and Abilities		X	The proper method of calculating the percentages for the opportunities tests was discussed. The school failed to meet the standards established in any of the three tests for opportunities (see comment section). The need to have student representation on the Gender Equity Review Committee was discussed.
Equipment and Supplies	X		It was suggested that the Gender Equity Review Committee look into the feasibility of developing a uniform rotation plan. There seems to be parity in this area.
Scheduling of Games and Practice Time	X		Prime time scheduling was discussed. The school is working towards equity in this area. The 2001-2002 schedule shows boy/girl doubleheaders make up 40% of the games, with several girls' games being on Friday and Saturday nights.
Travel and Per Diem Allowances	X		
Coaching	X		
Locker Rooms, Practice and Competitive Facilities	X		Although, overall there appears to be equity in this area, there is definite inequity in relation to the girls' and boys' locker rooms in the gym (see comment section).
Medical and Training Facilities and Services	X		
Publicity	X		Cheerleading was discussed. Last year (2000-2001) the school had one squad that cheered at all boys' and girls' basketball games.
Support Services		X	It was very difficult to fully assess this area because the school failed to submit Forms T-35 and T-36 (see comment section).
Athletic Scholarships**	X		
Tutoring**	X		

Housing and Dining Facilities and Services **	X		
Recruitment of Student Athletes**	X		

**5. Brief Summary/Analysis of The Corrective Action Plan (T-60)**

The Corrective Action Plan as re-submitted on **June 6, 2001** stated that a volleyball program would be implemented in 2002. This addition should help the school meet opportunity standards.

**6. Observed Deficiencies in Overall Girls and Boys Athletics Programs**

The major difficulties discussed with the Gender Equity Review Committee on October 30, 2001, was the failure to meet the tests for opportunities and the need to develop an accurate Title IX file.

**7. Facility Recommendations or Concerns**

The major inequity in relation to facilities is the lack of air conditioning in the girls' basketball locker room.

**8. KHSAA Recommended Action**

School shall submit the following additional information:

**(Accommodation of Student Interest and Abilities)** On or before **December 15, 2001**, the school is requested to submit to the KHSAA a letter detailing the steps taken toward the establishment of a volleyball program as listed in the June 6, 2001 Corrective Action Plan.

**(Support Services—Budget)** On or before **December 15, 2001**, the school is requested to submit Forms T-35 and T-36 for the 1999-2000 school year showing all expenditures for all sports offered.

**(Locker Rooms, Practice, and Competitive Facilities)** On or before **April 15, 2002**, the school is requested to submit to the KHSAA written verification that air conditioning has been installed in the girls' dressing room in the gym.

**(Selection of Cheerleaders)** On or before **April 15, 2002**, the school is requested to provide information to the KHSAA concerning the manner in which cheerleaders are selected for boys and girls' teams. If cheerleaders are selected in such a way as to result in arguably better (i.e. "A" team vs. "B" team) cheerleaders performing at boys' events, the school shall also submit a plan under which cheerleaders of equal ability shall perform at an equal number of boys' and girls' games in comparable sport (i.e., boys' varsity and girls' varsity basketball game).

**(Prime Time Contest/Girls' Basketball)** On or before **April 15, 2002**, the school is requested to provide information to the KHSAA concerning the number of "prime time" games scheduled (games to be played on Friday and/or Saturday nights) for its girls' varsity basketball team during the 2001/2002 season. To the extent that a fewer percentage of girls' games are played during prime times (when compared with the percentage of boys' games scheduled for prime times), the school shall advise the KHSAA of action it intends to take to immediately correct the difference.
