#### 4. Checklist of the Title IX Components of the Interscholastic Program

Benefit to Students	Satisfactory	Deficient	Comments
<b>Accommodation of Interests and Abilities</b>	X		The proper calculation methods for the opportunities test were discussed with school personnel. The school now has corrected data in their Title IX File. The school personnel were reminded that all self-audit documents in the school's Title IX File should be signed and dated. The school was requested to make sure all summary reports and team reports are compatible in the Title IX File.
<b>Equipment and Supplies</b>	X		It is requested that the school's Gender Equity Review Committee look into the feasibility of developing a rotation plan for the purchase of uniforms. The school provides excellent uniforms for all teams.
<b>Scheduling of Games and Practice Time</b>	X		Prime time scheduling was discussed. The school seems to be making excellent progress in this area. The girls' basketball team is playing seven prime time games this year. The boys' team is playing nine.
<b>Travel and Per Diem Allowances</b>	X		Although discussion with school personnel showed parity in this area, it was difficult to totally assess this area because the school failed to complete Form T-16. This form is to be completed and placed in the Title IX File as soon as possible.
<b>Coaching</b>	X		The audit showed that the school is attempting to provide students with qualified, on-campus coaches in all sports.
<b>Locker Rooms, Practice and Competitive Facilities</b>	X		The addition of public restrooms at the softball facility is included in the school's Corrective Action Plan. The completion of this project should be documented on future submittals to KHSSA.
<b>Medical and Training Facilities and Services</b>	X		It was suggested that the school post a weight-training schedule for all sports using the facility.

<b>Publicity</b>	X		Cheerleading was discussed. The school has two squads that cheer during the basketball season. They rotate the cheerleaders so that they all cheer for an equal number of boys' and girls' games. It was requested that the school establish a policy for the posting of banners in the gym.
<b>Support Services</b>	X		Although the school visit showed basic parity in this area, it was difficult to fully assess this area because of the school's failure to submit completed Forms T-35 and T-36.
<b>Athletic Scholarships**</b>	X		
<b>Tutoring**</b>	X		
<b>Housing and Dining Facilities and Services **</b>	X		
<b>Recruitment of Student Athletes**</b>	X		

**5. Brief Summary/Analysis of The Corrective Action Plan (T-60)**

The school's most recent Corrective Action Plan calls for the construction of permanent restroom facilities at the girls' softball field.

**6. Observed Deficiencies in Overall Girls and Boys Athletics Programs**

The visit showed a sincere desire by school officials to provide all students with participation opportunities and quality benefits. The two major identified needs were the construction of restroom facilities at the softball field and keeping accurate data in the Title IX File.

**7. Facility Recommendations or Concerns**

The completion of the restrooms was the major facility concern. It was also mentioned that the long-term facilities plan could include the lighting of the baseball and softball fields.

**8. KHSAA Recommended Action**
