4. Checklist of the Title IX Components of the Interscholastic Program

Benefit to Students	Satisfactory	Deficient	Comments
Accommodation of Interests and Abilities	X		
Equipment and Supplies	X		While there is some disparity between sports that tend to be related, the equipment and supplies appears to be equitable.
Scheduling of Games and Practice Time		X	The school indicates that, as the season nears prime time scheduling for girls will be accomplished. The school should submit the boys' and girls' basketball game schedule in December and again in April to ensure compliance.
Travel and Per Diem Allowances			The school should devise a plan by April 15, 2001 whereby each gender receives equal attention in funding for meals. It appears that boys receive a greater degree of financial assistance for meals than girls.
Coaching	X		
Locker Rooms, Practice and Competitive Facilities			While rated as excellent, the Girls Basketball lockers are half lockers (30) while boys' basketball (35) and football (79) are full lockers.
Medical and Training Facilities and Services			A trainer should be provided for teams of comparable athletic programs. A schedule of use by both genders for the weight room should be developed no later than April 15, 2001 and provided to the KHSAA.

9. KHSAA To Follow-Up Regarding Corrective Action If Necessary On The Following:

(Selection of Cheerleaders) On or before **December 15, 2000**, the school is requested to provide information to the KHSAA concerning the manner in which cheerleaders are selected for boys' and girls' teams. If cheerleaders are selected in such a way as to result in arguably better (i.e. "A" team vs. "B" team) cheerleaders performing at boys' events, the school shall also submit a plan under which cheerleaders of equal ability shall perform at an equal number of boys' and girls' games in comparable sport (i.e., boys' varsity and girls' varsity basketball game).

(Prime Time Contest/Girls' Basketball) On or before **December 15, 2000**, the school is requested to provide information to the KHSAA concerning the number of "prime time" games scheduled (games to be played on Friday and/or Saturday nights) for its girls' varsity basketball team during the 2000/2001 season. The school should also provide similar information for the 1999/2000 season. To the extent that a fewer percentage of girls' games are played during prime times (when compared with the percentage of boys' games scheduled for prime times), the school shall advise the KHSAA of action it intends to take to immediately correct the difference.
