9. **KHSAA To Follow-Up Regarding Corrective Action If Necessary On The Following:**

(Selection of Cheerleaders) On or before **January 2, 2001**, the school shall provide information to the KHSAA concerning the manner in which cheerleaders are selected for boys' and girls' teams. If cheerleaders are selected in such a way as to result in an arguably better (i.e., "A" team vs. "B" team) cheerleaders performing at boys' events, the school shall also submit a plan under which cheerleaders of equal ability shall perform at an equal number of boys' and girls' games in comparable sports (i.e., boys' varsity and girls' varsity basketball games).

(Prime Time Contest/Girls' Basketball) On or before **January 2, 2001**, the school is requested to provide information to the KHSAA concerning the number of "prime time" games scheduled (games to be played on Friday and /or Saturday nights) for its girls' varsity basketball team during the 2000/2001 season. The school should also provide similar information for the 1999/2000 season. To the extent that a fewer percentage of girls' games are played during prime times (when compared with the percentage of boys' games scheduled for prime times), the school shall advise the KHSAA of action it intends to take to immediately correct the difference.

(Inclusion of Cheerleaders in Calculations) On or before **January 2, 2001**, the school shall advise the KHSAA if it included cheerleaders in its calculations on form T-1.

(Completion of Forms) Although the school meets the second prong for compliance, on or before **January 2, 2001**, it should provide the information sought on Form T-3. In addition, the school has failed to provide the information sought by Form T-4 which is

required in order to assess compliance according to levels of competition. This information should also be provided on or before **January 2, 2001**.

(Equipment and Supplies) The school has not addressed the recognized deficiency in this area. On or before **January 2, 2001**, the school shall submit a Supplemental Corrective Plan which shall address this deficiency.

(Booster Clubs) On or before **January 2, 2001**, the school shall develop a program to account for all booster club expenditures for all teams. In order to assist the school in developing such a program, the school shall consider adopting a Booster Club Agreement similar to the form attached hereto.

(Complete Team Forms) None of the team forms have been signed or dated. The school shall resubmit signed and dated team forms on behalf of each team (varsity, junior varsity and freshman) on or before **January 2, 2001**.

(Weight Training/Field House) On or before **January 2, 2001**, the school shall submit a schedule outlining times during which each team that desires to do so may use weight training facilities and the football field house. The school shall also confirm by this date that appropriate weights are available for all students' use.

(Athletic Booster Club Agreement) Enclosed please find an athletic booster club agreement the KHSAA submitted to the Fayette County Schools for their use with the various booster groups in the schools. It might be helpful to you and your booster clubs.

Subject: KHSAA Title IX Final Audit Report
1999-2000 School Year

Enclosed please find a copy of your school's Title IX KHSAA Audit Report for the 1999-2000 school year. Please pay particular attention, as you review the report, to the fact that the reviewer may have requested, by a certain date, additional information to properly assess your athletics program. In addition, fines and/or penalties may also be proposed.

While exact reporting procedures and required documents for the 2000-2001 school year have not been determined at this time, it is most probable that an annual update of your Corrective Action Plan will be required. In light of that probability, you should expect to include in your 2000-2001 Corrective Action Plan how you intend to address the issues that have been raised in this 1999-2000 Final Audit.

Should you have specific questions regarding the content of your 1999-2000 final report, please contact the person who reviewed your Audit Document.

Thank you for your work in this very important project.

RE: Pulaski Southwest High School Supplemental Title IX Materials

I have reviewed the supplemental materials submitted by Pulaski Southwest High School in response to the final Title IX audit report dated November 30, 2000. This report lists nine items that require additional action by the school. My comments regarding each item are as follows:

1. **(Selection of Cheerleaders)** The school has provided the information sought in this area. Based on the information submitted, the school's selection process for cheerleaders does not result in higher quality squads performing at boys' games. Accordingly, although cheerleaders only perform at football and basketball games, the school has indicated that other teams do not wish to have cheerleaders perform at their contests.
2. **(Prime Time Contests)** The school has provided the information sought in this area. Based on the information submitted, *the school has demonstrated substantial progress in this area and should be commended for such progress.*
3. **(Inclusion of Cheerleaders in Calculations)** The school has provided the information sought in this area.
4. **(Completion of Forms)** The school has provided the information sought in this area. However, the calculations on form T-4 are incorrect. Based on the information submitted, 75.7% of athletic opportunities for females are provided at the varsity level (112/148); 16.2% of such opportunities are provided at the junior varsity level (24/148); and 8.1% of such opportunities are provided at the freshman level (12/148). Conversely, 65.2% of participation opportunities for male students are provided at the varsity level (131/201) while 22.4% of such opportunities are provided at the junior varsity level (45/201) and 12.4% at the freshman level (25/201). However, it is not necessary for the school to further address this issue.
5. **(Equipment and Supplies)** The school has submitted information outlining additional equipment and supplies purchased for the purpose of correcting the deficiency previously identified in this area. Some of the items listed are not sport specific. In addition, the school has also identified equipment and supplies purchased for use by boys' teams. Therefore, the total amount of such purchases does not reflect moneys spent to correct recognized deficiencies. However, it does not appear that additional information is needed at this time with respect to this issue at this time.

February 1, 2001

Page 2

6. **(Booster Clubs)** The school has adopted Booster Club Agreements which, hopefully, will enable the school to gain control of its athletic programs.
7. **(Completion of Team Forms)** The school has provided the information sought in this area.
8. **(Weight Training/Field House)** The school has provided the information sought in this area.
9. **(Athletic Booster Club Agreement)** See comments above.

In summary, the school has adequately addressed all matters outlined in the KHSAA's November 30, 2000 final Title IX audit. Accordingly, no additional information is needed at this time.

Selection of Cheerleaders

Southwestern High School has one cheerleading squad. They cheer at all football games, boys' and girls' basketball home games, and all boys' and girls' basketball district away games. The head coaches for all the other programs, both boys and girls, do not want the cheerleaders to perform at any of their games.

SUBJECT: WEIGHT ROOM SCHEDULE

Several months ago at our Athletic Meeting we discussed the weight room. We have 18 Varsity Programs and only 1 weight room at Southwestern. Because of this demand, use and time can be difficult.

As previously discussed, I will be doing the schedule for the weight room. I will be giving first priority to programs that are in season, second priority to preseason conditioning, and third priority to postseason conditioning.

I will need each coach to submit a weight room schedule for November 22 – December 15 ASAP. Please include dates and times. In the future this information needs to be part of the Head Coaches Month Report (Due on the 15th of each month). Please note that some programs have few numbers. For this reason more than one program maybe in the weight room at one time.o
