 (Home to be determined by mutual agreement lettering can be agreed or drawn)

- The letters A, B, C, D, E and F below represent up to six teams in a district which can be assigned by specific school or drawn by lot to determine the regular season games at the discretion of a majority vote of those effected schools.
- The scheduling priority for district games shall as detailed by grid.
- If a district should fall to three teams, the teams will have the option to play twice (by unanimous vote) (at each site, home and home) to determine the district champion.
- Use immediately prior week before start of district grid only if necessary for schedule conflict such as fall break, etc. For example, a 4 team district could use week 7 (and only week 7) for a district week if it is necessary to avoid fall breaks, etc.
- Written permission from the Commissioner's office must be obtained to deviate from the scheduling grid by playing earlier second listed mandatory week and only if it is necessary to move the game from one of the assigned dates due to fall breaks from school or another documented condition such as facility availability. For example, a 4 team district could only use week 6 for district games to avoid fall breaks, etc. with permission from the Commissioner's office and presentation of the effected school calendars.
- Week 11 Games shall be Non-District games and no school will be given permission to play a district game this week.
