Postseason Championship Report

Commissioner Tackett reviewed the completed and upcoming season and will continue to operate under the previously approved Board directive that no changes be made for 2019 and 2020 about tournament structure with the following items of continual review:

1. Adjust competition rules regarding uniform to modernize following consultation with KPGA/GHOK representatives;
2. Publish State Tee-Time Schedules for 2020 (and as in 2019, have approval from KPGA/GHOK prior) in advance of the competition season;
3. Hold Boys play first in 2020, Monday to Wednesday, with Girls play second in 2020, present as such when the calendar is presented;
4. Continue to gather regional entry data and ensure that 2019 numbers are complete. This will allow for consideration of additional regions with the ultimate next step plan to get to 14 regions and have 70 team competitors and 70 individual competitors;
5. Authorize expenditure of technology funds to further enhance regional entries and results;
6. Complete review following the 2020 season with consideration of potentially separating the team and individual events.

Consideration would also be given to limiting the number of individuals from a single school to not greater than three if the current structure is maintained.

Diving Regions Survey Results and Date Approval

After more than two years of discussion, a survey was taken of the membership regarding the scheduling of regional diving competition in which schools were asked to choose between two options. Each school was asked to submit only one vote. Voting was done by the Principal or Designated Representative of each school with no duplicates being used.

Option A - REGIONAL DIVING

I would see staff set the regional diving competition at three to four "super-regional" type sites. These competitions would be held BEFORE the regional swimming meets. The plan would be to have no more than four, likely only three competitions that would combine regions. These competitions would seek to have the same judging panel at all competitions to assist with consistency, and points would be earned per region, not super-region. In other words, if a combined meeting involving Regions 1, 2, and 3 were held, each region would have its scoring, and the points earned would "carry forward" to the regional swim meet to determine the region champion.

Option B - STATE DIVING SCHEDULE

For the most part, the schedule will remain the same for the State Meet, as was done in 2019. However, it was requested that when this survey is done that we also ask about State Meet Diving scheduling. Several schools mentioned that they would prefer the Diving Competition to be started and completed on Thursday if we have facility availability, to allow the divers who desire to do so to return to the school for Friday sessions.

So issue 2 asks if your school would favor completing the Diving in one day at the state meet if the facility is available, or continuing to do the first rounds on Thursday and Diving Finals on the day of that gender's swimming finals.

Based on the survey, 75% of the respondents favor scheduling regional diving using option A.

Motion Passed: Direct staff to revise the approved regional planning calendar and conduct regional Diving before Regional Swimming using a limited number of overall competitions, however continuing to score within the region. (Option A) passed with a motion by Marlon Miller and a second by Trent Lovett. Reed Adkins Yes, Bonnie Barnes Yes, Debbie Beichler Yes, Darrell Billings Yes, Donna Bumps Yes, Mike Clines Yes, Mark Evans Yes, Pete Galloway Yes, Scott Hawkins Yes, Greg Howard Yes, Trent Lovett Yes, Marlon Miller Yes, Lucy Moore Yes, Kim Parker-Brown Yes, Jeff Saylor Yes, Kirby Smith Absent, Matt Wilhoite Yes, Jerry Wyman Yes.

2020 Diving Schedule

Using the previous survey referenced, schools were asked about conducting the State Competition in Diving all in one day. With minimal objections, 62 of 100 of the responding schools favored the change (Option A).

The KHSAA could schedule diving to be completed in one day, if and only if, the diving well is available throughout the day and not subject to "black out time" by the host facility.

Also, rotate the genders so that a different gender is conducting their state championship during swimming warm-ups each year.

Based on the survey, more schools favored the move, and it is logistically feasible and could result in a reduction in obligated travel, potentially giving diving its date.

Motion Passed: If the Association can get written certification that the diving competition would have no host imposed black-out times, schedule State Diving to complete all rounds of Diving on the Thursday of the State Swimming and Diving competition passed with a motion by Jeff Saylor and a second by Mike Clines. Reed Adkins Yes, Bonnie Barnes Yes, Debbie Beichler Yes, Darrell Billings Yes, Donna Bumps Yes, Mike Clines Yes, Mark Evans Yes, Pete Galloway Yes, Scott Hawkins Yes, Greg Howard Yes, Trent Lovett Yes, Marlon Miller Yes, Lucy Moore Yes, Kim Parker-Brown Yes, Jeff Saylor Yes, Kirby Smith Absent, Matt Wilhoite Yes, Jerry Wyman Yes.

Sayre Request to Replace Jenkins in District

With the withdrawal of Jenkins from district play for the duration of the alignment, Sayre, with a relatively new football program, has requested to enter the playoffs in 2020 in Jenkins vacated spot. A more geographic solution could be developed for 2021 when natural adjustments in the classification are scheduled.

Commissioner Tackett reported that the move appears advantageous to all involved to approve the request with these scheduling issues to be considered:

1. Allow Sayre to assume Jenkins' spot, automatically taking the 4th seed.
2. Allow Sayre to assume Jenkins' spot, and seed Sayre 4th unless their RPI places them in a higher position.
3. Seed the district entirely based on RPI
4. Mandate that all teams adjust schedules to play Sayre, with flexibility for movement of district games outside of the scheduling grid.

Motion Passed: Approve Sayre's request to enter district play in 2020, staff to ascertain scheduling options with a final decision in January to determine how the district seeding would be completed passed with a motion by Reed Adkins and a second by Darrell Billings. RPI, Scheduling, Current Season Review, and Report

The Commissioner provided an extensive review of the implementation and minimal feedback received, as well as a reminder to the Board of the approved 3rd and 4th round schedule, and items that may be on for future discussion.

1. Should an overall listing be produced in any form for football?
2. Bracketing - Should fourth-round continue to be statewide or revert to 1-4 and 5-8?
Differences in class?
3. Game factor = Kentucky opponent class factor for out of state? Or default to class 1a to give some benefit?
4. Teams pulled out of district play- default to 1a for game factor and out of state factor for owp? Default to 1a for game factor and actual for everything else?
5. Out of state-actual entry for owp, but .5 for oowp? Inability to electronically get records? Work on data exchange with the neighboring states with scoreboards? Records only?
6. Forfeits? Ignore? Keep the same. Jenkins causes issues because all were not treated the same (i.e., Phelps found replacement game)
7. Implement one playing down exception? Easy to do may not be easily understood. Wait until 2021 with new game contracts?
8. Build a table to recalculate if changes past years? Year, sport, i.e., out of state factor, weights of wp, own, how? Teams not in district factor?

Additional data from round 1:

- 1 4 seed beat a 1 (Southwestern, 5A)
- 3 seeds beating 2
- 2a 3
- 3a 2
- 4a 2
- 6a 1

Additional data from round 2

- 1A-All 1 seeds won
