January 20, 1937

To Principals of Member Schools:

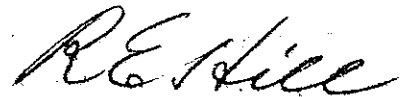

On January 8th the Board of Control submitted to our members for a referendum vote, in accordance with Section 3 of Article X of the Constitution, a proposal to do away with the present form of annual meeting wherein each member school was entitled to one voting delegate to the meeting, and to adopt instead a representative form. The proposal provides that the members in each district shall elect a representative at the time and place of holding the drawings for their district tournament, and that these representatives so elected, sixty-four in number, shall constitute the voting delegates at the annual meeting, and that no one save these duly elected representatives shall have the right to vote in the annual meeting.

It was stated on the ballot that no votes received after January 20th noon would be counted. Since this proposal involved a change in the Constitution, it would require a two-thirds vote for passage.

294 votes have been cast; 196 votes, therefore, would be required for passage. The vote stands 200 "Yes", and 94 "No". The proposal, therefore, is carried, and will be in effect at our next annual meeting in April.

As soon as the tournament locations have been settled, the tournament manager in your district will be instructed to hold an election at the time and place of the district drawings. In this election there can be no vote by proxy. The principal of each member school in the district, or else some one designated in writing by him for the purpose, should vote for a district representative to act as a delegate from that district at the annual meeting. And though the proposal did not so state, I think there should be an alternate elected in each district also. The district representative and the alternate should of course be school principals. It will be the duty of the tournament manager in each district to notify me promptly of the result of this election.

Please bear in mind that on or before April 1st all changes which you wish to propose in the Association's rules must be filed in this office, so that I can submit them to the members in the regular April letter. This will give members an opportunity to study the proposals, and if they wish, to instruct their representatives.

Secretary-Treasurer,  
113 Coral Avenue,  
Louisville, Kentucky
