When you are a local legend as he was, you can find out just about everything. This is what their current coach sent (who has all his stats)

Tim Threw 6 ints as a Sophomore, 12 as a Junior and 17 as a Senior

Julian -- This is probably a long shot, but I thought I'd give it a shot. I'm trying to chase down an arcane statistic that I'm hoping might be either somewhere in your state football record files (but not on the PDF list, I'm afraid; I checked) or that you might be able to direct me to the person who might have it.

I'm looking for the number of interceptions thrown by Tim Couch of Leslie County High in Hyden during his 1994 junior season. The reason I'm looking for it is I'm a sports reporter at a newspaper in Washington state and am putting together a list (for publication, obviously) of the best single seasons by any quarterback in national high school history. Couch's junior year was when he set the national record for completion percentage, and clearly I want him on the list; but I have every stat but interceptions, and I need every stat-line because I also want to come up with quarterback rating for every player on the list.

Do you know who might have his 1994 interceptions total? Anything you can do to help would be appreciated.
