Dear Hall of Fame Selection Committee,

Paul Smiley has spent his lifetime promoting student athletes in the state of Kentucky. In his role as Coach (of practically every sport) and Athletic Director at Kentucky School for the Deaf, he not only created inroads for his deaf student/athletes, but promoted, lead and directed multiple activities and organizations that affected many athletes across the state.

As Athletic Director and Assistant Principal at KSD, he was a leader with integrity who taught values and responsibility. He always accepted the leadership role to enhance the opportunities for deaf athletes such as the Bluegrass Conference (which he formed and ran for over ten years), Pioneer Conference, Salt River Conference and KY Coaches Education Program. Because of his work with deaf student/athletes, he was always in a leadership role in deaf organizations such as the Mason-Dixon Games, Deaf Festival and the Mini Deaf Olympics.

Paul Smiley was instrumental in bringing the KSD campus into the mainstream of the community. He accepted many leadership roles and committee activities in the Danville area in order to facilitate and bridge gaps between the campus and the community. He was the first KSD leader to become active in the community which promoted increased acceptance in the community for the deaf student/athlete.

As an Athletic Director in the 12th Region for so many years, he is one of the most respected leaders of student/athletes ever to be involved in this area. His peers always looked to him for guidance and admired his hard work and ethical treatment of his colleagues and student/athletes.

In summary, Paul Smiley is an outstanding candidate for the Dawahares/KHSAA Hall of Fame. His devotion and dedication to promoting all student/athletes and his unwavering support and leadership in the role of the deaf athlete, along with his ethical standards, make him a candidate of the highest caliber. Paul Smiley did everything well, and he did it with class. Thank you for your consideration.

Sincerely,

Richard W. Webb
Superintendent

RWW/mls

Oct. 12, 2011

Dear Dawahares/KHSAA Hall of Fame Selection Committee,

I worked with Paul Smiley for about 30 years during his tenure as athletics director at Kentucky School for the Deaf. I was constantly amazed at the dedication he had not only for the special student-athletes at KSD, but also for the way he always tried to help and promote high school athletics in general.

For over 15 years, Smiley conducted Kentucky Coaches Education classes to help new coaches with all aspects of coaching. I always gladly accepted his invitation to share the proper process and ethics for dealing with the media.

He was also in charge of the Bluegrass Conference, a conference for small schools, and helped the teams have championships they had a realistic chance to win. He was also annually involved in the Mason-Dixon Games, a basketball tournament for deaf teams across the south that promoted not only competition, but also cooperation among the various players and coaches. He did a terrific job involving the Danville community in both of these endeavors whenever KSD had a chance to host a Bluegrass or Mason-Dixon event.

Smiley coached almost every sport at KSD and always made sure to report his results to all media members. He was a constant source of story ideas promoting student-athletes not only at his school, but also other area schools. Smiley even volunteered to report results from a summer club swim team.

Smiley was recognized by his peer as a terrific administrator who believed in doing things the right way to benefit student-athletes. There's not a better example of what a high school coach/administrator should be than Paul Smiley. He did what he did for the love of the student-athletes, not the love of winning because normally his teams were outmanned talent-wise and numbers-wise. Never once did I hear Smiley make excuses or allow his student-athletes in any capacity to make excuses. He devoted his life to showing his student-athletes that character and the way the game played did matter and there's no one I respect more for how he did his job than Paul Smiley.

Being inducted into the KHSAA Hall of Fame is the ultimate honor. It's not something everyone deserves. However, I cannot think of a more deserving candidate than Paul Smiley.

Sincerely,

Larry Vaught

Kentucky High School Athletic Association
2280 Executive Drive
Lexington, KY 40505

Dear Sir/Madam:

The purpose of this letter is to support the nomination of Mr. Paul W. Smiley to the Kentucky High School Athletic Association Hall of Fame.

I had the honor and privilege of working with Mr. Smiley during his entire professional career at the Kentucky School for the Deaf, a span of almost 30 years. During his career at KSD he served in various administrative roles but left his imprint as Athletic Director and Coach.

As many of his Athletic Director counterparts at smaller schools in Kentucky, Mr. Smiley coached various sports. His first love was football and he coached that for many years. When KSD had to drop the sport due to a declining enrollment, he started a varsity soccer program to give the boys a fall sport and was its first coach. He was always there to step in to coach other sports when we needed a coach.

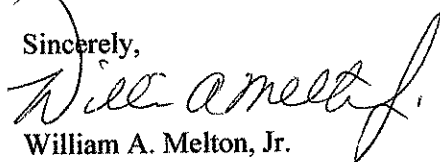

Mr. Smiley also lent his time and energy to serving in various capacities in athletic organizations and conferences in Kentucky of which KSD was affiliated. He also was active in the Mason-Dixon Conference which is a conference of deaf schools in the southeastern United States which compete against each other in various sports.

As a professional educator, it can be seen by those who know and have worked with Mr. Smiley that he has always kept the students of KSD and the students at other schools in the forefront.

Lastly, another example of his dedication to education of all students, Mr. Smiley spent several terms as a member of the Danville Independent Schools Board of Education.

Therefore, I wholeheartedly endorse and hope that you will look favorably on Mr. Smiley's nomination to the Hall of Fame.

Sincerely,

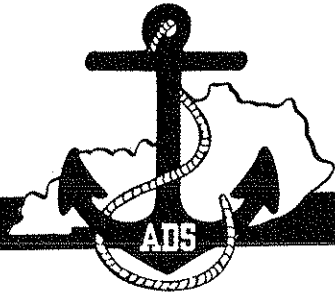

William A. Melton, Jr.

Feel the Weight of the Anchor

October 17, 2011

Dear Commissioner Tackett,

I would like to recommend Mr. Paul Smiley for the KHSAA Dawahare Hall of Fame. Mr. Smiley, now retired, was a long time athletic director and coach of the Kentucky School for the Deaf. I have known Paul since 1988. He is the epitome of what a coach and athletic director should be. He always kept the student-athletes best interests at heart.

Mr. Smiley has won National Championships in football at KSD. He has also coached swimming, basketball, and soccer during his tenure as athletic director. He drove the bus to all out-of-state contests, some as far away as 10 and 12 hour drives. Mr. Smiley would clean Admiral Stadium by himself after football and soccer games. He was a tireless AD/Coach that our profession has missed since he retired. Mr. Paul Smiley is what the Hall of Fame should be about.

Thank you,

Sam Harp
Athletic Director/Head Football Coach
Danville High School

To whom it may concern:

It is my privilege and desire to nominate Mr. Paul Smiley to be considered for the Kentucky High School Athletic Association Hall of Fame. I have known Paul in excess of 20 years, and have found him to be not only a man of integrity, but an ambassador for high school athletics and all the good qualities that they represent. Paul has been the face of Kentucky School for the Deaf athletics for as long as I can remember. He was athletic director at the school for the duration of his long and successful career, coaching almost every varsity sport the school has offered at one time or another while winning "Coach of the Year" numerous times in the process. Often, he would be driving the school bus for the KSD teams as needed, and all while serving as commissioner of many different organizations. His devotion of time and energy is without question in his endeavor to serve his students and school. He was instrumental in keeping the Bluegrass Conference intact and thriving as the longest running conference in Kentucky, serving many years as the commissioner. He has been in charge of other conferences that I am aware of, such as the Salt River Middle School conference, and the Mason-Dixon conference for deaf schools, just to name a couple. Paul has also assisted the KHSAA in many ways, such as offering a very informational Coaches Education class on a yearly basis. Paul was an Athletic Director of the Year finalist in 1997 and 2004, and is a member of the 12th Region Basketball Hall of Fame for his leadership work. Outside of the school setting, I am aware that Paul has also served several community leadership roles, such as serving as a school board member for Danville City Schools. He has also served on many local professional affiliations, and is a Kentucky Colonel. On a personal level, I have coached against Paul Smiley, have worked with him professionally as a fellow athletic director, and have served as his assistant commissioner in the Bluegrass Conference. I can say without hesitation, that there is no one more deserving to be a member of the KHSAA Hall of Fame than Mr. Paul Smiley.

Sincerely,

Don S. Irvine

Men's Head Basketball Coach/Associate Athletic Director
Burgin High School
