Dear Committee Members

In my opinion, there has never been a finer high school athlete in the state of Kentucky than Greg Austin. He not only played multiple sports but excelled in each of them.

Greg was a state triple jump champion during his senior year. As a quarterback at Lexington Lafayette High School, he had college coaches wooing over his exceptional passing arm, his size and speed, and knowledge of the game. The same holds true for basketball, in which he was an all-stater. After mulling over the many college scholarships he was offered, Greg decided to further his basketball career at Auburn University. After 1 ½ years playing for Auburn, injuries kept him from furthering his athletic career.

Very few athletes have ever been better during their high school days. Greg Austin is truly a Hall of Famer.

Please feel free to contact me for further information.

Sincerely

*Doug*
