

To The Kentucky Sports Hall of Fame:

I have the opportunity of recommending Dr. Donald Douglas to the Kentucky Sports Hall of Fame in Track and Field.

As his track and field coach and his Health teacher at Daviess County High School, in Owensboro, Kentucky. I was blessed to help coach and develop him into an outstanding student and athlete.

Donald was undefeated in both hurdle events in his high school career including Regional and State Championships over a 2 year period.

He was team captain of the Track and Field team at Daviess County High School. Here he achieved Academic and Athletic All American.

He developed leadership qualities that enabled him to prosper in college. Donald went to Western Kentucky University and excelled in the hurdles. After college he went on to complete medical school. Following this he started a medical practice in Lexington that developed into a many faceted and excellent career.

Presently Donald is involved in government and is a Senator in the Kentucky Legislature.

His induction into the Kentucky Sports Hall of Fame (Track and Field) has been long overdue. Please consider inducting this well deserving candidate.

Sincerely,

Coach Chuck Gullo
