

To whom this may concern,

I would like to give the highest recommendation possible for Mr. Joe Karr.

He was not only an outstanding All-State basketball player he was also a great student and leader in the community. He played 4 years at Laurel County on the basketball team. While there his team won the regions in 1981 and 1982. The team was State Champion in 1982. Joe was one of the best all round players I had the privilege of coaching.

During his high school career Joe was a role model for all young men in the county.

Dear members of the KHSAA Dawahares Hall of Fame Committee,

It is my pleasure to recommend Joe Karr to your committee for consideration.

My first association with Joe was as a member of my 6th, 7th and 8th grade basketball team at Lily Elementary School in Laurel County. He was an important member of an undefeated 8th grade team, after which he went on to be a member of the Laurel County High School team.

Joe was a starting member of the 1981 State Tourney Team and of the 1982 State Champion Cardinals. Joe was voted Allstate player his junior and senior years. He signed and went to UAB later finished college career at Union College in BARBOURVILLE Ky

In high school Joe always carried himself with a high sense of community and character. As a self-employed business owner, Joe still displays that same leadership and dedication in and to his community. He was elected to and served as a member of the Laurel County Board of Education for four years, during which time several important steps were taken to improve academics, as well as the athletics for the youth of Laurel County.

In closing, it is my great pleasure to recommend Joe Karr to the KHSAA Dawahares Hall of Fame.

Submission for consideration from
Larry Bruner
