

KHSAA Hall Of Fame Nominating Committee

It is with extreme admiration that I nominate Mary Custard for consideration into the KHSAA Hall Of Fame. Mary was the quintessential female athlete who took the entire girl's athletics program, not just a particular girl's sport, to the next level of competition. She made girl's sports interesting in Harrison County and invited a new group of young female athletes into another realm with choices to excel and be like Mary.

In basketball crazy Kentucky, Mary was a once in a lifetime athlete who lead the Fillies in scoring average for three straight years, 1984-1986. She eclipsed 700 points a season in both her junior and senior years and finished her career with 62 consecutive games in double figures. In track, Mary won five state championships, including back-to-back 200M and 400M dashes in 1984 and 1985. She still holds three school records for her outstanding career.

It is with the utmost respect and honor that I request your consideration for Mary Custard as part of the KHSAA Hall Of Fame.

Sincerely,

Brad Allison
