INDEPENDENT AUDITORS' REPORT

Commissioners and Board of Control
Kentucky High School Athletic Association
Lexington, Kentucky

We have audited the accompanying financial statements of Kentucky High School Athletic Association (a nonprofit Association), which comprise the statements of financial position as of June 30, 2014 and 2013, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Association as of June 30, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITORS' REPORT

Other Matter

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of functional expenses on page 17 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

KENTUCKY HIGH SCHOOL ATHLETIC ASSOCIATION
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Kentucky High School Athletic Association (Association) is a nonprofit association organized for the purpose of development, regulation and purification of high school athletic activities in the Commonwealth of Kentucky.

Basis of Accounting

The financial statements of the Association have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Income Taxes

The Association is exempt from federal income taxes under Section 501(c) (3) of the Internal Revenue Code. However, income from certain activities not directly related to the Association's tax-exempt purpose is subject to taxation as unrelated business income. In addition, the Association qualifies for the charitable contribution deduction under Section 170 (b) (1) (A) and has been classified as an organization other than a private foundation under 509(a) (2). Unrelated business income for years ended June 30, 2014 and 2013 was \$2,708 and \$1,040.

As of June 30, 2014, the Association has no uncertain tax positions that qualify for disclosure in the financial statements. Tax years 2009 through 2013 are still open under federal and state statute of limitations and remain subject to review and change.

Property and Equipment

The Association reports gifts of land, buildings, and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long these long-lived assets must be maintained, the Association reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Assets with useful lives of more than one year and a cost greater than \$1,000 are capitalized, included in fixed assets and depreciated over their useful lives.

Property and equipment are stated at cost and are depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Year</u>
Furniture and improvements	3-15
Building	40
Computer and electronics	3

Cash and Cash Equivalents

Cash and cash equivalents consist of operating cash in bank accounts and certificates of deposit with original maturities of three months or less.

KENTUCKY HIGH SCHOOL ATHLETIC ASSOCIATION
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Accounts Receivable

Receivable balances are stated at their unpaid balance. Management evaluates the collectability of accounts receivable on an individual account basis and, using the specific write-off method, charges to expense the balance of accounts that are deemed uncollectible. Generally accepted accounting principles requires that an allowance for uncollectible account balances be established for uncollectible account balances, and write-off's charged to the allowance account when collection efforts have been exhausted. The difference in accounting treatment is not material to these financial statements.

Net Assets

The Association reports three classes of net asset categories:

- 1) Unrestricted net assets encompass the portion of net assets that are not temporarily restricted by donor-imposed stipulations.
- 2) Temporarily restricted net assets are the net assets resulting from contributions and other inflows whose use by the Association is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Association pursuant to those stipulations.
- 3) Permanently restricted net assets are the net assets resulting from contributions and other inflows whose use by the Association is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Association.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and nature of the donor restrictions.

Recognition of Donor Restrictions

The Association reports gifts of cash and other assets as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose of the restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Functional Allocation of Expenses

The costs of providing the Association's programs and other activities are summarized on a functional basis in the Statements of Activities.

KENTUCKY HIGH SCHOOL ATHLETIC ASSOCIATION
NOTES TO FINANCIAL STATEMENTS

NOTE B - CURRENT VULNERABILITY DUE TO CERTAIN CONCENTRATIONS

Donated Services

The Association does not record support, revenue or expense from services contributed by volunteers. However, a number of volunteers have donated time and materials to various programs.

Concentration of Revenues

The Association earned \$1,539,388 and \$1,474,896 in gross revenue from the Boy's State Basketball Tournament for the years ended June 30, 2014 and 2013. This represents approximately 34% and 33% of the Association's total gross revenues and support for 2014 and 2013.

Concentration of Credit Risk

The Association has a concentration of credit risk in that it periodically maintains cash deposits in a single financial institution in excess of the amount insured by the FDIC. The Association has not experienced any losses on such accounts and does not believe that it is subject to significant credit risk related to these accounts.

NOTE E - ACCRUED LEAVE

The Association's employees are granted sick leave in accordance with administrative policy. Employees earn one day per month with unlimited accumulation. Employees are compensated for 30% of unused accumulated sick leave upon retirement. Compensation shall be the daily rate of pay being received at the time of retirement, based upon 260 work days per year. KERS members receive a retirement service credit while KTRS members receive retirement service credit from KTRS and a board-funded sick leave payment. As of June 30, 2014 and 2013, the estimated accrued sick leave liability was \$104,034 and \$103,601.

NOTE F - PENSIONS

Kentucky Teachers' Retirement System

Eligible employees of the Association participate in the Statewide Kentucky Teachers' Retirement System (System), a cost sharing multi-employer public employee retirement system established and administered by the Commonwealth of Kentucky to provide benefit pension plan coverage for local school districts and other public educational agencies within the state.

Chapter 161 Section 220 of the Kentucky Revised Statutes stipulates who may become a member of the Kentucky Teachers' Retirement System. Generally, eligible persons are employed by local boards of education, the State Department of Education, some state universities, and some non-state supported organizations. The payroll for the Association's employees covered by the System for the years ended June 30, 2014 and 2013 were \$638,654 and \$552,368.

Normal Retirement Date

Employees are entitled to an annual retirement benefit, payable monthly for life, if they either attain the age of fifty-five (55) and complete five (5) years of Kentucky service or complete twenty-seven (27) years of Kentucky service.

Normal Retirement Benefits

Non-university employees receive monthly payments equal to either two (2) percent (service prior to July 1, 1983) or two and one half (2.5) percent (service after July 1, 1983) of their final average salary for each year of credited service. The final average salary for employees retiring under the age of fifty-five (55) is the average of the employee's five (5) highest annual salaries, and for employees retiring at the age of fifty-five (55) or older, it is the average of the employee's three (3) highest annual salaries. New members (including second retirement accounts started) after July 1, 2002 will receive monthly benefits equal to two (2) percent of their final average salary for each year of service if, upon retirement, their total service is less than ten (10) years. New members after July 1, 2002 who retire with ten (10) or more years of total service will receive monthly benefits equal to two and one half (2.5) percent of their final average salary for each year of service, including the first ten (10) years.

KENTUCKY HIGH SCHOOL ATHLETIC ASSOCIATION
NOTES TO FINANCIAL STATEMENTS

NOTE F - PENSIONS (continued)

In addition, members who retire July 1, 2004 and later with more than thirty (30) years of service will have their multiplier increased for all years over thirty (30) from two and one half (2.5) percent to three (3) percent to be used in their benefit calculation. The system also provides disability benefits for vested members at the rate of sixty (60) percent of the final average salary.

Early Retirement Benefits

Employees with less than twenty-seven (27) years of service may retire and received reduced benefits.

Other Benefits

A life insurance benefit, payable upon the death of a member, is \$2,000 for active contributing members and \$5,000 for retired or disabled members. Cost of living increases are one and one-half (1.5) percent annually. Additional ad hoc increases and any other benefit amendments must be authorized by the General Assembly. Members' retirement benefits become vested when they complete five (5) years of credited service.

Members are required by statute to contribute 11.355% of their salaries to the System. The Association contributes the remaining amounts necessary to finance the participation of employees in the System. Employer contributions are determined as a level percentage of payrolls. If an employee leaves covered employment before accumulating five (5) years of credited service, accumulated employee contributions plus interest earned are refunded to the employee upon his or her request. Participating employers contributed at 13.105% for employees hired prior to September 1, 2008 and 14.105% for employees hired after September 1, 2008, of members' non-hazardous compensation for the years ended June 30, 2014 and 2013.

Schedule of Contributions

	Required Employee Contribution	Required Employer Contribution	Required Total Contribution	Percentage of Required Contribution Actually Made
2014	\$ 72,519	\$ 93,275	\$165,794	100%
2013	\$ 59,960	\$ 80,197	\$140,157	100%

The "pension benefit obligation" is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases, estimated to be payable in the future as a result of employee service to date. The measure is the actuarial present value of credited projected benefits and is intended to help users assess KTRS funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among public employee retirement systems.

A copy of the Kentucky Teachers' Retirement System's audited financial statements can be obtained from the Kentucky Teachers Retirement System, 479 Versailles Road, Frankfort, Kentucky 40601 or on the internet at <http://ktrs.ky.gov>.

Kentucky Employees' Retirement System

Certain other eligible employees participate in the Statewide Kentucky Employees' Retirement System (Plan), a cost-sharing multi-employer public employee retirement system, established and administered by the Commonwealth of Kentucky.

The System is a defined benefit plan which covers substantially all regular full-time employees of any state department, board, or agency directed by Executive order to participate in the System. The payroll for employees covered by the System for the years ended June 30, 2014 and 2013 were \$288,851 and \$288,311.

Eligible members of the Kentucky Retirement Systems are entitled to an annual retirement benefit, payable monthly for life, if they either attain the age of sixty-five (65) and have forty-eight (48) or more months of service or accumulate twenty-seven (27) years of service credit.

Normal Retirement Benefits

The monthly retirement allowance is equal to 1.97% of the average annual salary of the members' five highest earnings year multiplied by the number of years of service credit divided by twelve. Members' retirement benefits become fully vested when they complete sixty (60) months of service, twelve (12) of which are current service. For the years ended June 30, 2014 and 2013, participating employees contributed five (5) percent of creditable compensation to the System. Employer contribution rates are intended to fund the System's normal cost on a current basis plus one (1) percent of unfunded past service costs per annum plus interest at the actuarial assumed rate. Such contribution rates are determined by the Board of Trustees of Kentucky Retirement Systems each biennium. Participating employers contributed at 26.79% of members' non-hazardous compensation for the years ended June 30, 2014 and 2013.

Early Retirement Benefits

Members retiring at less than fifty-five (55) years of age with twenty-five (25) or more years of service credit are entitled to reduced benefits.

Other Benefits

In addition to normal and retirement benefits provided by the System, disability, death, and medical insurance benefits are available.
