## Track and Field

**Site Inspection** 

Lloyd Memorial High School – Erlanger, Kentucky Site Inspection by ..... Oliver E. Dittus – KHSAA Track & Field Official #6598 Reviewed by ..... Gordon D. Bocock – KHSAA Consultant

## May 2004

Pole Vault				
Landing Pad	This is a brand new pit that meets all the requirements of size.			
19' 8" wide	The pit is covered with a common matt cover.			
20' 2 deep				
16'5 back of box	The runway is 140' in length.			
Runway 130'				
Planting Box	The box is solidly implanted in the ground and well padded.			
Standards/Crossbar	The standards are new and solidly anchored in the ground. The			
13'8 – 14'8"	cross bar is fiberglass and of the proper length.			
Bar 14'10"				
Surrounding Area	The back of the pit is close to the track but not an obstruction.			
	There is ample area around the pit for viewing and athletes.			
Weigh In of	It is <u>highly</u> recommended that the Pole Vault Official have scales			
Athletes	provided by the host school to weigh the Vaulters to assure that			
	there weight is in compliance with what is listed on the vaulting			
	pole. An excellent medical scale is used.			
Coaching Box	There is a nice area for the coaches. They cross the track at the			
	start, but can do so safely.			
Pole Vault Venue	Superior venue			

High Jump			
Landing Pit	The high jump pit like the vaulting pit meets all the required		
16' by 8'	standards.		
Standards/Crossbar	The bar and standards meet all the requirements.		
12' apart			
Bar - 12'			
Surrounding Area	Excellent area for jumpers and viewers.		
High Jump Venue	Excellent area. Large approach area.		

	Long Jump and Triple Jump			
Landing Pit 9' by 15'	9x23 and filled with sand. Area is at the proper level and well raked.			
Take Off Marks 12' or 8' 32' or 28'	These are located at $8$ – $24$ – $32$ feet and are implanted boards.			

Rakes/Shovel	Excellent and wide in structure.
Brooms	
Sand Level	At runway level and maintained during event. They cover the pit
	to prevent water build up in the area.
Surrounding Area	Superior area.
Long Jump/	Excellent area
Triple Jump	
Venue	

	Shot Put				
Circle	Excellent well marked and repainted as needed.				
	Circle is about 2" above grade of landing area.				
Sector and Markings	40° sectors marked well and maintained. Sectors painted and				
40* or 60 *	touched up as needed during the course of the meet.				
	They have a cage in the shot and this is in excellent condition and				
	solid.				
Surrounding Area	Good area for viewing. This is separated from the track and does				
	not allow viewing for the fans but is safe.				
Weight Implements	An electronic scale was provided by a guest school, for Shot				
	and discus. This was at the event area and easily accessible for				
	officials during the course of the meet				
<b>Shot Put Venue</b>	Excellent				

	`Discus Throw				
Cage	Solid fencing is used. It is of sufficient height and solid. It is 4'6"				
	on one side to the sector lines and 8' on the other. The cage is				
	well past the circle in the front. It appears that the cage does not				
	meet the requirements of the National Federation and these				
	safety issues need to be addressed.				
Circle	Good area well painted about 2" below grade.				
Sector and Markings	Well marked with paint and touched up as needed in the meet.				
40 * 2'9.75"	This was a two day meet. 40 degree sector marked correctly.				
Surrounding Area	Very nice area. The spectator area is small and can produce a				
_	safety issue. There is an area with a 4' fence that can be used some what.				
Weigh Implements	An electronic scale was provided by a guest school, for Shot and				
	discus. This was at the event area and easily accessible for				
	officials during the course of the meet				
Discus Venue	Fair except for the viewing as mentioned and the distance of the				
	front poles of the discus cage from the sector line needs to be				
	addressed.				

Running Track			
Lanes Number & Size General overall Conditions and concerns	6 lanes 42" This is an excellent rubber surface but is in need of some repair. Resurfacing is scheduled for next year or this summer.		
Stagger Colors:	1 Turn - Green 3 Turn - blue 2 Turn - white 4 Turn - red Well marked recently painted		
Relay Colors:	4 X 100 - yellow		

The host school is to provide the necessary flags for the officials to properly officiate the exchange zones.  Break Lines  Green well marked and manned during the meet  It is recommended in the Regional Meet to use the same break line for the 800 Meters as they do in the state meet, with a line a the head of the front stretch. On the Pulaski track it would be the 100 Meter Starting Line.  Hurdle Colors  100 Girls - yellow 110 Boys - blue 300 Hurdles - red  Overall condition of the hurdles  Starting Blocks Number and condition  Starting Line Safety  Finish Line Safety  Surrounding Areas (This is an excellent facility  This area is wellent facility

Officials Overall view of this Track and Field Complex	Excellent. When the track is resurfaced it is one of the best 6 lane track in the state. The support from parents and staff make this an excellent site. The coaches and staff are very supportive.	
Regional Meet Site (In your opinion would you recommend this facility be considered as a Regional Meet Site.	The coach will always decline the regional as he wishes to coach the meet. Possibly a meet director and team could be assigned or hired for the meet.  It might be a good idea to develop this idea at the state level. The	
-	region could be run by complete teams of officials.
