KHSAA BOARD REVIEWS ANNUAL MEETING VOTING RESULTS

The Board of Control of the Kentucky High School Athletic Association, at its October special meeting, reviewed the voting results from the 11 proposals that were presented at Thursday's Annual Meeting of KHSAA member schools. The Board of Control is required to review the proposals considered at the Annual Meeting and make recommendations regarding the proposals to the Kentucky Board of Education (KBE).

There were 238 member schools represented at Thursday's meeting with proposals needing 159 votes for passage. Ten of the 11 proposals received the necessary vote to amend the Association's rules and regulations. The KHSAA Board of Control voted to recommend approval on all 10 proposals to the KBE for their consideration.

The Board of Control also voted to recommend to the KBE implementation on two other items. They are Proposal 3, approved by the member schools at the 2005 Annual Meeting, which deals with limitations on out-of-state participation and Referendum 2, from 2006, which deals with below grade nine participation.

This is part of an annual regulatory review process required by state regulations (702 KAR 7:065) to codify KHSAA rules. The next step in the process involves the KBE recommending approval or lack of approval for inclusion to the KHSAA Constitution and Bylaws to the Legislative Research Commission Regulation Review Committee for a final decision regarding approval or implementation.
